

Purple Innovation: West Valley City Facility Cover Letter & Documentation Index

Dear Members of the West Valley City Building & Fire Department,

I am writing on behalf of Purple Innovation, a premier provider of mattresses to formally submit requisite storage rack plans and supporting documentation for a permit review. Enclosed, you will find a summary and an index of the supporting documentation.

Facility Address: 6862 W SR-201 N Frontage Rd, Building B, West Valley City, UT 84044

Facility Scope Summary:

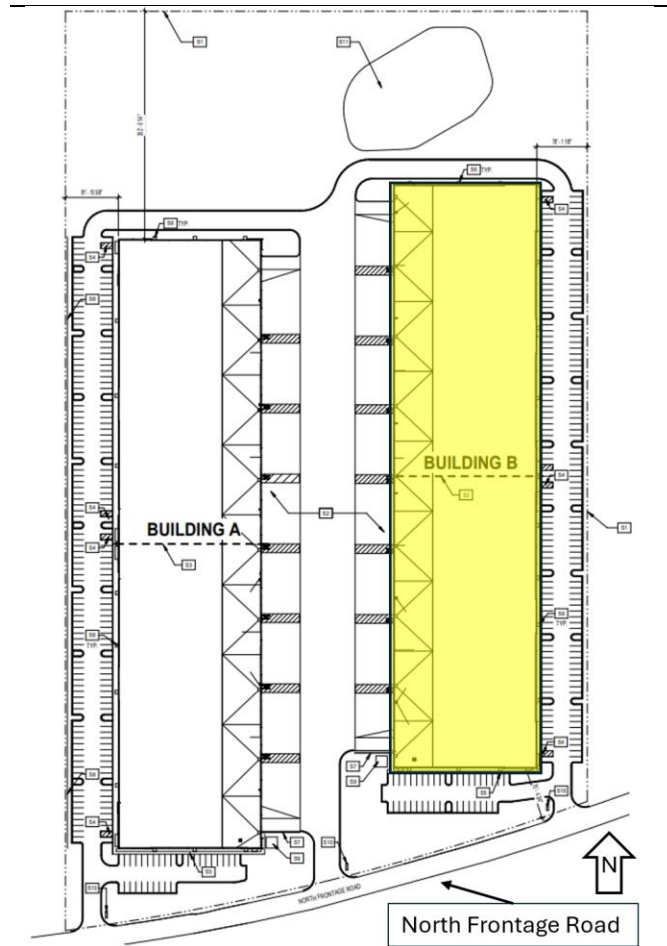

Purple Innovation is leasing 198,000 square feet at 6862 W SR-201 N Frontage Rd, Building B in West Valley City, UT (an existing facility – West Valley Logistics Center 2). The graphic below is a high-level indication of the area for context (see yellow highlighted footprint). In this 198k space, Purple Innovation will be installing pallet storage racks.

Facility Use Groups: S-1 (Primary), B (Future Office); For more detail, see: *“WVLC 2 Combined Drawings.pdf”*

Commodity Descriptions: Mattresses, for more detail, see: *“Commodity Description Form – Purple Innovation West Valley (003).pdf”*

Commodity Classification Coverage: Class I-IV products protected by existing ceiling level ESFR. In-rack sprinklers in design. **We formally request a fire deferral for this submission.**

Facility Levels & Storage Height: 1 Level, 34’-0” Max Storage Height; For more detail. See: *“WVLC 2 Combined Drawings.pdf”*

The following documents are organized according to the folder structure on the following page:

Site Plan

- “WVLC 2 Combined Drawings.pdf”, Page FP-1A (PDF page 40)
 - This plan set provides site plan details including streets, building location, fire hydrants, fire department access roadways.

Facility Plan

- “WVLC 2 Combined Drawings.pdf”, Page A2.1-B (PDF page 2)
 - This plan provides an overall floor plan of Building B (both areas to be occupied) with general facility dimensioning.
- “WVLC 2 Combined Drawings.pdf”, Page LS1.1-B (PDF page 19)
 - This plan provides an overall floor plan of Building B (both areas to be occupied) showing exit access doors.

Engineering Stamped Rack Plan

- “25-0128-6 PURPLE FACILITY FINALS.pdf”, All pages relevant.
 - These stamped plans illustrate the configurations and floor plan of the storage racks with their associated aisle dimensions, longitudinal flue dimensions, inspection type, etc.
- “25-0128-6 PURPLE FACILITY CALCS.pdf”, All pages relevant.
 - Contains documentation on the calculations for the storage racks planned for the facility.

Existing Fire Sprinkler & Hydraulic System Plan

- “WVLC 2 Combined Drawings.pdf”, Page FP.2B – FP.7B (PDF page 41 – page 46)
 - These plans will provide detail on existing ceiling level ESFR system
- In-rack sprinklers will be required. **We formally request a fire deferral for this submission.**

Commodity Description Form

- “Commodity Description Form – Purple Innovation West Valley (003).pdf”, All pages relevant.
 - Commodity classifications and descriptions as described by Purple Innovation.

Facility Exit Plan & Distances (with Storage Racks)

- “D-241290-C100rF-Exit Distances.pdf”
 - This plan shows Facility with racks and exit distance lengths.
